PROFILE

I am a versatile, skilled team leader who develops creative solutions and detailed systems aligned with the organization priorities. I've effectively led teams' efforts securing organizational resources. This includes analyzing, developing and implementing daily budget in order to carry out tasks within scope. I am looking to join a team where I continue to be creative and innovative, and further my technical project management and web development skills.

EXPERIENCE

WEB DEVELOPER IN TRAINING

GENERAL ASSEMBLY PROVIDENCE   *May 2018-August 2018*

- Trained in an array of modern web programs during a full-time 12 weeks career accelerator
- Gained knowledge in front and back - end fundamentals
- Created full stack application individually and as a team. Used HTML, Javascript, CSS, Sass for front-end framework and custom built and API using Ruby on Rails, SQL and Express.
